Letter of Acknowledgement – Helmet Head Canada Society

To Whom It May Concern,

On behalf of the Child Life team at Victoria General Hospital (VGH), we are pleased to acknowledge and recognize the longstanding contributions of Helmet Head Canada Society.

Since 2017, Helmet Head Canada Society has generously delivered new toys to VGH each December, bringing joy, comfort, and a sense of normalcy to children spending the holidays in hospital. These gifts make a meaningful difference to our pediatric patients and their families, helping children experience the excitement of the holiday season despite the challenges of hospitalization.

As a healthcare organization, dedicated funding for toys and play resources is limited. The generosity of Helmet Head Canada Society helps fill this gap, providing children with opportunities to play, explore, laugh, and simply be kids during what can be a stressful and uncertain time for families.

We are deeply grateful for this continued partnership and the positive impact it has on the well-being of our youngest patients. We are pleased to support Helmet Head Canada Society's application to the BC Community Gaming Grants program and recognize the valuable contribution this organization makes to children and families in our community.

Sincerely,

Becki Steel
